Detailed Description of Program: The purpose of this program is to make masks partially for Halloween and partially for teaching the meaning of integrity. I will have Krista there as a guest speaker to let everyone know who she is, where her office is located, and what she does as a counselor on campus as well as Jolly Lawson. While the residents make masks we will talk about how people put on different masks for different people and are not always honest with themselves as well as with others. Integrity means to be honest and true to yourself and others so this program will cover both of those things.

What will your residents gain from attending this program? Briefly describe goals/learning outcomes below: 1. Residents will hopefully end up realizing how to continue or start being honest with others and themselves. 2. Residents will go to Krista if they need to. 3. Residents will enjoy making masks.	Describe which goals were achieved (and how) and which goals were not achieved (and why). 1. left being aware and agreed that people do put on different masks for different people. 2. they know who Krista is now and where she is located 3. had fun making masks and sharing them.

What did students attending say about the program? They really enjoyed making the masks and loved glitter.

What would/could you do differently to improve the program? I could be more aware of what day I choose for programs because it was Moonlight Madness night and not as many people showed up as I wanted to, but overall I had a decent amount.
