Detailed Description of Program: Residents will learn the importance of posting updates in the proper manner, so as not to offend anyone else. Also, residents will learn about posting updates that are timely and have the correct and proper information. Because twitter is so important for businesses as well as organizations, groups, and clubs, residents should know that importance of the image that they portray online and knowingly use their integrity when it comes to Twitter. Residents will receive handouts on some tips for these, as well as some tasty hashbrowns for a comical theme.

What will your residents gain from attending this program?

1. Residents will learn about the importance of an "online image."
 2. Residents will learn how to incorporate integrity into their "tweets."
 3. Residents will get to enjoy some tasty hashbrowns!

Briefly describe goals/learning outcomes below:

1. Residents got to learn about twitter and how professionals look at things like twitter and facebook
 2. Residents got to hear about integrity and social networking in the form of Twitter.
 3. Residents LOVED their hashbrowns and good conversation with their favorite RA, me :)

What did students attending say about the program? They loved the hashbrowns and really enjoyed talking to me about twitter and their experiences with it as well as how they feel about social networking in general.

What would/could you do differently to improve the program? I'm not sure... I loved the turnout and my residents seemed to really enjoy it!
