3. Residents will have a chance to make friends with people who might be their friend on FB or twitter but not in "real life"

What did students attending say about the program? They enjoyed it. I had great! And they also said that they have been trying to either delete their facebook or stop using it so much but it is hard for them. They say they would be lost without it or feel out to the loop

What would/could you do differently to improve the program? I wish I would have set up a powerpoint with different statistics to emphasize the importance of this topic.
