Detailed Description of Program: The RA will buy pizza for this program. At the program, the RA will first handout small slips of paper, 10% will have an A, 20% will have a B, and 70% will have a C. A represents upperclass, B represents middle class, and C represents lower class. The RA will have everyone form a line, and have them file up to get pizza. People in group A will be given 1 pizza, with the option to take a second. People in group B will be given 1 slice. People in group C will be denied any slice. The RA will then ask how it felt based on your position and class, and hand out the rest of the pizza to everyone. The point is to explain how we as Responsible Stewards should be trying to help out the lower class populations that cannot get the same amount of food that is so readily available for people like us in the middle or upper class. The necessity to help out others is so dire, that over 70% of the earth has trouble attaining food, yet we let it slip under our eyes.
